1930 Beacon Street

Proposed 3 new signs for "Energize"

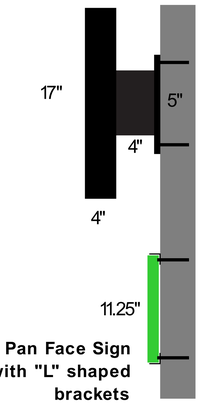
The neighbors - We'll replicate the same style signage.

Next door sign

Old sign

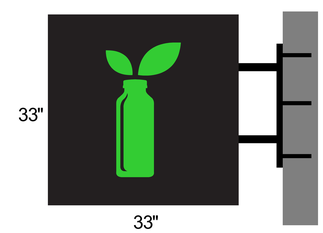
Installlation:

Channel Letters/Raceway installed with 6 welded brackets/bolts.



Metal Pan Face Sign installed with "L" shaped brackets

Blade sign



15"x9" welded bracket plate installed with 6 bolts

Sign #1: "ENERGIZE" - 17" Channel letters (4" thick), internally illuminated (3M Apple Green vinyl/plexi face/black trim/black metal returns) on 10' x 7" x 5" black painted raceway. Same as the existing "SuperCuts" sign.

Sign #2: "Healthy Eating" - 5.75" x .25" thick plexi letters on 216" x 11.25" x 1" metal pan face sign. Same as the next door's sign.

Sign #3: Double sided blade sign - 33" x 33" x 5" black metal frame/bracket (as the neighbors). Black plexi face/3M Apple Green vinyl logo.

Illumination for Sign #1 and Sign #3: Internally illuminated with white LED's. Electrical prime wire provided by the contractor.

Storefront:
20'x15' = 300 sq/f
