

Explore the New England Aquarium's

Traveling Tidepool

See and touch hermit crabs, snails, clams, oysters, sea stars and more.
Learn all about these creatures found in local New England waters.

Visit the Traveling Tidepool
and find out!

Do you know what a
sea urchin eats?

Do you know how many
eyes a sea star has?

FREE Aquarium Programming
Every 3rd Sunday of the month
November-May
1-3pm
at BCYF Curtis Hall Community Center
