External Funds Projects

Boston Food Policy

Project Mission

Supported by funding from local grant foundations, the Food Policy Council will support healthy eating and nutritional advancement in Boston's neighborhoods. The grants will support cooking classes for Boston Public School parents, assistance to food trucks that supply nutritional options and a community supported agriculture program aimed at seniors.

Can Share/Project Bread

Project Mission

The Project Bread grant funds a portion of the expenses related to the City's Can Share Food Drive.

Center Based Day Care Program

Project Mission

The Center Based Daycare Program represents two external resources to support daycare programs located at BCYF centers. The first external resource was a grant funding by the Massachusetts Department of Early Education and Care to provide for 21 daycare slots at community centers. The second external resource was the Community Child Care Voucher Program which is an agreement to provide funding by Child Care Choices of Boston which also receives their funding from the Massachusetts Department of Early Education and Care. The grant expired in FY14.

City Hall Child Care Program

Project Mission

The City Hall Child Care Program provides quality infant, toddler and preschool care for children and their families. The funding for this program comes from parental fees and state vouchers.

Child & Adult Care Food Program

Project Mission

BCYF child care programs participate in the USDA Child and Adult Care Food Program. Meals are provided by Boston Public Schools and are available without a separate charge to participating children. Annual funding is provided by the Commonwealth of Massachusetts, Department of Early Education and Care.

Food Resiliency Study

Project Mission

This is a one-time grant, funded in FY15, to study gaps in food resilience in Boston and address them through substantive policy and programmatic changes on a city level.

Safe and Successful Youth Initiative Program

Project Mission

Boston's Safe and Successful Youth Initiative Program was a grant of \$274,601 in 2011 provided by the Commonwealth of Massachusetts' Safe and Successful Youth Initiative. The Boston Public Health commission was the lead city agency providing resources to Boston Centers for Youth and Families, Jobs and Community Services, the Boys and Girls Club, and Boston Medical Center's Violence Intervention Advocacy Program. Through this program, BCYF was able to deploy staff in areas of the city that experienced high levels of crime, or 'hot spots'. Staff intervened, mediated and provided teens and their families with referrals for service in an effort to alleviate the stress that leads to violence.

Project Mission

The Street Safe Grant will provide funding in the amount of \$3,100,000 over the period of January 1, 2015 through December 31, 2017 to enhance anti-violence measures through the addition of approximately 20 direct service outreach workers positions. The outreach workers will work with "Proven-Risk/At-Risk" youth in a variety of capacities, including providing case management, conflict and resolution, trauma services and outreach and support to family members of youth served. This funding is expected to increase access to targeted youth reaching 550-600 individuals annually, as well as facilitate on-going training for outreach workers in critical areas.

Tiny Tots Program

Project Mission

The Tiny Tots Program is funding provided by community center site councils to support the personnel and fringe costs for existing city employees that staff the Tiny Tots programs at each center. The current agreement has site councils covering 50% of costs.

Boston Centers for Youth & Families Capital Budget

Overview

The City's Capital Plan for BCYF is targeted at increasing the programming capacity of the City's community centers and providing high-quality facilities. Community centers provide families, children and teens with enriching programs such as after school care, athletics, job and computer training.

FY16 Major Initiatives

- Construction will begin for major interior renovations at the BCYF Paris Street Community Center. This project will improve one of the oldest municipal buildings in the City.
- Design will begin for renovations at the BCYF Vine Street Community Center, which will include athletic facility improvements and upgrades to interior systems.
- Winning projects from the first round of "Youth Lead the Change," including a playground renovation at Franklin Park, a skate park feasibility study, and Chrome Books for three high schools, are underway. Youth budgeting will continue for a third year, with young people across the City deciding in FY16 how to spend \$1 million in FY17 capital funds.

The federal funding for the Retired Senior Volunteer Program (RSVP) comes from the Corporation for National and Community Service. The purpose of RSVP is to develop a recognized role in the community and a meaningful life in retirement for older adults through significant volunteer services. RSVP recruits and places approximately 500 senior volunteers in opportunities allowing them to use their skills, acquire new skills and/or explore new interests. Volunteers are partially reimbursed for meals and transportation and receive insurance coverage. Volunteers must be at least 55 years old to participate.

Project Mission The Elderly Commission receives federal funding for the Senior Companion Program annually from the Corporation for National and Community Service. The Senior Companion Program offers part-time stipendiary community service opportunities for low-income persons who are 55 years and older. Volunteers provide assistance to adults with exceptional needs, development and disabilities, or other special needs throughout Boston's neighborhoods. These volunteers work 20 hours weekly and receive accident insurance in addition to a meal and travel allowance.

Program 1. Public Health Services

Dr. Huy Nguyen, Interim Executive Director, Organization 620100

Program Description

The Boston Public Health Commission promotes the health of the people of Boston by protecting and fostering the three core functions of public health: assessment, assurance and policy development. It carries out these functions through a wide variety of activities including health promotion and disease prevention initiatives (such as neighborhood outreach and community education); provision of critical health services for vulnerable, under-served and atrisk populations (such as health and wellness clinical and education services for school aged children, emergency shelter and transitional housing and support services for the homeless, and substance abuse treatment for those suffering from addiction); emergency preparedness and response (such as pre-hospital emergency medical care and transport , infectious disease surveillance and outbreak control, and environmental hazards prevention and response); monitoring and reporting on the health status of the city's residents (such as city wide and disease specific health status reports); and development of public policy approaches that support positive health outcomes (such as tobacco control, banning the use of transfats in food establishments, regulating biological laboratories, and environmental health regulations).

External Funds Projects

Settlement Funds

Project Mission

As a result of events precipitated by two private companies: Bechtel International Corp. and Turner Broadcasting Systems, the city of Boston received financial settlements totaling over two million. These funds were dedicated by the mayor to supplementing the year-around youth job program.

Youth at Risk

Project Mission

The Youth at Risk program is a summer jobs program for at-risk youth funded through the Commonwealth of Massachusetts. Funds are targeted to cities in Massachusetts that have the greatest incidence of juvenile detention and adjudication, where low-income youth are especially in need of access to summer job opportunities.

Youth Employment & Enrichment Fund

Project Mission

The Youth Employment & Enrichment Fund was established 2014 to ensure that Boston youth have access to high quality opportunities for employment, enrichment and personal development during the summer and school months. The fund was made possible by financial contributions from local corporations and foundations committed to supporting youth employment in the City of Boston. The fund is used to hire youth and to pay for non-personnel costs associated with youth employees such as enrichment training, materials and supplies.
