<p>SPARK (Supporting Parents and Resilient Kids) Center</p>	<p>SPARK is a national model which provides specialized, comprehensive support for medically and/or psychiatrically complex children during the infant/toddler/preschool years and, later, during out-of-school hours. SPARK operates an Early Childhood Day Program, a School-Age After School Program, a young adult Job Training Program, a Summer Camp Program, and the TICKET to Success Program which helps young people shape their own successful futures while they, in turn, help young children with special needs.</p>	<p>\$958,740</p>	<p>100% other</p>	<p>ongoing since 1988</p>	<p>medically and/or psychiatrically complex children ages infant through 18 years, primarily from but not limited to the Boston neighborhoods of Dorchester, Roxbury, and Mattapan</p>	<p>BMC</p>	<p>Boston University School of Medicine, Children's Hospital Boston, Justice Resource Institute</p>

Elders Living at Home Program	<p>The Elders Living at Home Program (ELAP) supports elders in making the transition out of homeless and provides supportive services that build on the individual abilities of elders and to help them overcome the barriers to permanent housing. ELAP makes every effort to reach out to those most in need, including non-English-speaking elders and other marginalized individuals. ELAP is committed to providing high-quality services in a respectful manner that will help each client reach his or her highest potential. The ELAP model encompasses service, advocacy, research and education on the causes of and solutions to elder homelessness.</p>	\$456,778	10% cash/ 90% other	ongoing since 1987	homeless elders in Boston and elders who live in Boston and are at risk of becoming homeless	BMC	<p>City of Boston Department of Neighborhood Development, US Administration on Aging, Commonwealth of Massachusetts Executive Office of Elder Affairs</p>
Preventive Food Pantry and Demonstration Kitchen	<p>Boston Medical Center's Food Pantry (the Food Pantry) and Demonstration Kitchen addresses hunger-related illness and malnutrition among our low-income patient population. Individuals at risk of malnutrition – the chronically ill, undernourished children, the elderly, the homeless, and others – are referred to the program by Boston Medical Center (BMC) physicians and/or nutritionists. They are provided with “prescriptions” for supplemental food that best promotes physical health, prevents future illness, and facilitates recovery.</p>	\$326,297	68% cash/ 32% other	ongoing since 2001	low-income patients who are at risk of malnutrition and primarily from Roxbury, Mattapan, East Boston, South Boston and Dorchester	BMC	<p>Greater Boston Food Bank, Ocean State Job Lot, Food for Free, Whole Foods, Pepperidge Farm, Walmart, and local churches, synagogues, and schools</p>

<p>The Grow Clinic for Children</p>	<p>The Grow Clinic for Children is an outpatient subspecialty clinic, of BMC's Department of Pediatrics, that provides comprehensive specialty medical, nutritional, developmental and social services as well as dietary assistance to children diagnosed with Failure To Thrive by their primary care physician. In addition to clinical services, the Grow Clinic advocates for policies that decrease the number of children in need.</p>	<p>\$1,090,077</p>	<p>100% other</p>	<p>ongoing since 1984</p>	<p>children from Boston and Greater Boston who are experiencing Failure to Thrive</p>	<p>BMC</p>	<p>Massachusetts Department of Public Health, Morgan Stanley Foundation</p>

Birth Sisters	<p>Birth Sisters is a home visiting and labor support program that assists low-income expectant and new mothers at risk for complications due to medical or social factors such as social isolation, domestic violence, infants with anticipated significant medical problems such as but not limited to low birth weight, and families with complex psychosocial issues. A Birth Sister from the same culture and community as the mother assists during pregnancy, childbirth and early motherhood; she becomes a crucial link between the family and health care system. Birth Sisters is also a workforce development program. BMC trains Birth Sisters, typically unskilled women, and provides them with a certificate upon successful completion of the program. The women are paid an hourly wage for their services, helping them economically. Birth Sisters offers an entryway to the workforce. Many Birth Sisters have gone on to become nursing assistants, interpreters, nurses, midwives and public health professionals.</p>	\$203,050	28% cash/ 72% other	ongoing since 1999	low-income families primarily from Roxbury, Mattapan, East Boston, South Boston and Dorchester	BMC	
Cristo Rey High School Partnership	<p>Through this relationship, a four-student team fills one work-study full-time position on a rotational basis that equals a 40-hour workweek during a ten (10) month period. Students provide services for the organization while gaining valuable work skills and exposure to working in a business environment.</p>	\$36,300	70% cash/ 30% in-kind	ongoing since 2004	Students of the Cristo Rey High School, Dorchester	BMC Human Resources	Cristo Rey High School

<p>YMCA Training, Inc.</p>	<p>YMCA Training, Inc. provides adults with job skills training to help them obtain living-wage employment. BMC partners with YMCA Training, Inc. by providing customer service training, offering internship opportunities, and having a BMC representative serve on the Partners Council. In the past year, BMC has hired 7 graduates of YMCA Training, Inc. as Patient Access Reps and Ambulatory Services Reps. In the past 20 years, BMC has hired approximately 110 Training, Inc. graduates with an almost 80% 6 month retention rate. 94 Training, Inc. trainees have interned at BMC.</p>	<p>\$9,500</p>	<p>52% cash/ 48% in-kind</p>	<p>ongoing since 1999</p>	<p>Boston residents (82% of participants are people of color), YMCA Training, Inc. staff, and students</p>	<p>YMCA Training, Inc.</p>	<p>YMCA Training, Inc.</p>

<p>Boston Area Health Education Center (BAHEC)</p>	<p>BAHEC, a Boston Public Health Commission program, aims to diversify the pool of health professionals in Boston by encouraging youth to pursue careers in health and public health. BAHEC develops, implements, and evaluates in-school and after-school enrichment programs and events for middle and high school aged youth from Boston. The BAHEC's Youth to Health Careers (Y2HC) initiative works to increase youth knowledge, awareness, and pursuit of health careers through academic enrichment, job shadowing, leadership training, and college preparation. Central to the Y2HC initiative is a six-week Summer Enrichment Program, during which participating students take courses in math, science, public health, and personal wellness topics such as nutrition and healthy relationships. Students also participate in an internship in a medical or public health setting. BMC hosted 5 interns who were placed in five different departments such as Nursing, Dentistry, Dermatology, and the Ob-Gyn, Surgical and Renal Clinics</p>	<p>\$8,500</p>	<p>in-kind</p>	<p>ongoing since 2013</p>	<p>Middle and high school youth from Boston Public Schools. 47% White Non Hispanic, 28% African American, 15% Hispanic; and 4% Asian, Native American and Multi-Racial. As BCCS has developed a strong reputation across the city, they have been able to attract students from diverse backgrounds and from neighborhoods beyond South Boston, its original location.</p>	<p>BAHEC</p>

<p>Boston Collegiate Charter High School Junior Internship Program</p>	<p>The program is designed to introduce students to industries they may have previously known little or nothing about. The goal of the program is to help inform the college and career choices for each student. The intention is that the experience will not only encourage students to reimagine their futures, but also help them gain a better understanding of the educational requirements of various professions.</p>	<p>\$9,500</p>	<p>in-kind</p>	<p>ongoing since 2016</p>	<p>Boston residents, who live in all of Boston's 13 neighborhoods with about 60% residing in Dorchester. The student body is 47% White Non Hispanic, 28% African American, 15% Hispanic, and 4% Asian, Native American and Multi-Racial.</p>	<p>Boston Collegiate Charter High School</p>
