

WHAT TO DO IF YOU LOST YOUR VACCINATION CARD

CONTACT PROVIDER

Contact the provider or facility where you received directly to access a copy of your vaccination records.

LOOK IT UP ONLINE

Go to [CDC.gov](https://www.cdc.gov) and search the immunization information system (IIS) for the state where you received the vaccine.

ACCESS YOUR APPS

If you enrolled in v-safe or VaxText or other digital record storage applications, access your vaccination information using those tools.

SEARCH YOUR PHOTOS

Scroll through the camera roll on your mobile device to see if you took a picture of your card when you received it. You may upload a clear, legible photo to the portal.

OBTAIN ALTERNATIVE DOCUMENTATION

If you are unable to obtain your COVID-19 vaccination records, you may upload a signed statement from a medical provider verifying your fully vaccinated status.

All vaccination documentation must include:

- ✓ Your name
- ✓ Your date of birth
- ✓ The manufacturer of the vaccine
- ✓ Date(s) on which the vaccine(s) were received
