April 11, 2022

TO THE BOSTON CITY COUNCIL

Dear Councilors:

I transmit herewith my Fiscal Year 2023 (FY23) Recommended Budget for the City of Boston. In this moment of urgency and opportunity for our city, our $3.99 billion FY23 Operating Budget and $3.6 billion FY23-FY27 Capital Plan sets a foundation for our future, connects our communities, and delivers on the details of city services across our neighborhoods. Through sound fiscal management, this budget is a roadmap for investing critical resources to build a more connected city for everyone.

Even as Boston continues to absorb the impacts of a lingering pandemic, strong fiscal health has paved the way for a strong public health response and citywide recovery. Last month, the City of Boston received AAA credit ratings for the eighth year in a row. These top credit ratings not only highlight solid financial management and policies embedding fiscal responsibility, but also secure the most favorable rates for our infrastructure investments to support equity, affordability, and resiliency in every neighborhood.

I’m proud that the first budget of our administration comes in the first year of a new balance of budgetary power with the City Council, and we have reshaped this process to reflect direct community engagement from the very beginning. For the first time, public feedback guided budget drafting from the start as residents highlighted community needs and priorities through listening sessions co-hosted by City Councilors, a citywide survey in 12 languages, and direct engagement over the last three months. Our recommended budget reflects the clear call for transformative action to support our people, our neighborhoods, and our City services.

The Recommended FY23 Operating Budget proposes a year-over-year increase of $216 million or 5.7% over FY22, coordinated to target impact in key areas, including:

- Focusing on housing affordability, including creating and acquiring new affordable units, housing stability services, and an expanded voucher program. Over the next three years, new commitments in the Operating and Capital Budgets paired with federal recovery funds will infuse an unprecedented $365 million into affordable housing, supportive services, and public housing preservation and creation.
• Moving fast on a Boston Green New Deal, with a greener City vehicle fleet, improvements for mobility and active transportation, the first citywide composting program, new leadership for food justice and urban agriculture, and investments in our tree canopy and open space.

• Investing in public safety grounded in public health, with a new Center for Behavioral Health to elevate mental health as a citywide priority, a coordinated crisis response program, specialized supports for older adults, and pathways for greater representation of Boston residents and people of color in public safety jobs.

• Accelerating an equitable economic recovery by more than doubling investments in our Main Streets districts to support our small businesses; creating an innovative Legacy Business Fund; funding the new Office of Contract Services that will help tie city contracting to wealth-building opportunities for BIPOC- and women-owned local businesses; expanding workforce development for immigrant professionals, young people, and city residents; and investing in neighborhood placemaking, arts, and culture.

• Amplifying all voices, with a major expansion of our language access capacity, investments in immigration legal services, wraparound supports for returning citizens, and resources to grow our new Office of Black Male Advancement and Office of LGBTQ+ Advancement.

• Empowering youth and families, with a significant commitment to the Boston Public Schools through $40 million in Operating Budget growth paired with over $100 million in federal ESSER funding to support students and school communities, strengthen academics, and improve facilities and operations; a new Office of Early Childhood; and funding for 6,000 youth summer jobs and 1,000 full-year jobs.

To lay a foundation for the future, this operating budget works in concert with the federal resources of the American Rescue Plan Act (ARPA) to accelerate a Green New Deal for Boston. Of Boston’s nearly $560 million ARPA allocation, $110 million has been previously earmarked for revenue replacement from FY22 to FY24 to support the City’s annual operating budget and vital public services through the economic uncertainty of the pandemic. The City also previously appropriated $90 million for an emergency relief package, financial support for small businesses, and a two-year fare-free bus pilot—leaving $349.5 million for once-in-a-generation, transformational investments that must create lasting impact. Informed by community-driven visioning and guided by the urgency for bold change, our proposed investments include:

• $206 million for housing stability, affordable homeownership and financial assistance to first-generation homebuyers, strategic acquisitions to combat displacement, and deeply-affordable housing creation on City-owned land; a nation-leading pilot to advance energy efficiency in triple deckers and other multi-family homes while maintaining affordability; and upgrades to public housing units across five sites for air quality, energy efficiency, and health;

• $34 million for economic opportunity and inclusion, to grow BIPOC-owned businesses, further invest in our Main Street business districts, expand tuition-free community college and workforce training programs, and create a commercial rental rebate program to support small business recovery and build wealth in our neighborhoods;

• $31.5 million for climate-focused investments, including expanding the Green Youth Jobs program, creating walking and biking infrastructure, growing and preserving our
urban tree canopy, strengthening our local food systems, and supporting electrification of
the City vehicle and school bus fleet;
• $20 million for transformative arts and culture investments that will facilitate
placemaking and strengthen both downtown and our neighborhood communities;
• $20 million to ensure an equitable response to the ongoing pandemic by support critical
COVID-19 vaccination efforts, ongoing testing, community engagement, and continued
collaboration with community-based organizations and community health centers;
• $18 million to tackle behavioral health and substance use disorder challenges;
• $15 million for investments in our early education and childcare system, including
growing the early educator workforce and streamlining access and enrollment for Boston
families; and
• $5 million for evaluation and equitable administration, to support language access,
establish an equity framework, and ensure strong compliance with federal guidelines.

These ARPA investments are paired with the Operating and Capital Budgets to jumpstart
solutions to long-term challenges; coordinate across departments and sectors to deliver equity,
climate resiliency, jobs, and health as the foundation for a Boston Green New Deal; and
prioritize financial sustainability beyond ARPA. Along with coordinated housing investments,
engineering and planning positions funded in the Operating Budget support ARPA-funded
projects to make Boston more bikeable and walkable, as well as an expanded capital project for
the Blue Hills Multimodal Corridor. A new Office for Early Childhood and a new Behavioral
Health Center in the Operating Budget are complemented by significant infusions of ARPA
funding to immediately scale impact.

It will take time for the city’s economy to fully regain its footing, and we are planning carefully
around the uncertainty from viral variants, geopolitical events, and macroeconomic pressures.
This fiscally responsible, balanced budget fully funds our long-term liabilities, such as pensions
and debt service, enabling investment in the largest Capital Plan in our City’s history. The
Capital Plan supports capital projects across all our neighborhoods, from healthier schools and
beautiful libraries, to safer streets, street trees, and dog parks.

As we continue to emerge from the pandemic, this budget points the way toward an equitable
recovery and charts the course for our brightest future. I look forward to the continued
partnership of the City Council in this budget process and beyond. I respectfully request your
favorable action on the FY23 Operating Budget, the FY23-FY27 Capital Plan and the
forthcoming ARPA orders.

Sincerely,

[Signature]

Michelle Wu
Mayor of Boston
CITY OF BOSTON
