

## **DISTRESSED PROPERTIES PUBLIC LIST**

The distressed property list consists of properties that the Boston Mayor's Office of Housing (MOH) has identified as physically distressed and do not have active rehabilitation work, permits, or other plans to alleviate the distressed condition. This list does contain every distressed property in the City of Boston. The list is periodically updated and subject to change. Properties will be removed from the list if there is active rehabilitation work or plans for such work or if the owner or manager of the property corrects our classification of their property as distressed.

MOH is not responsible for any inaccuracies or incomplete listings. Please get in touch with the property owner or manager for the most current status of the property. Also, visit the City of Boston's [Assessing Office](#) for current ownership information.

If you are an owner or manager of a property listed on the list and would like to update the property's current status, please reach out to Mario Teran at (617) 635-0692 or [mario.teran@boston.gov](mailto:mario.teran@boston.gov).

City of Boston, Mayor's Office of Housing, Distressed Properties Listings, As of 6/06/2022 (See Distressed Property Report for Details)
