Browsers We Support

These are browsers we support for development and quality assurance testing. Note: These are based on the City's top browser versions tracked via City's analytics traffic.

- Google Chrome 100 and higher
- Safari 15 and higher
- Microsoft Edge 100 and higher
- Firefox 100 and higher

[Internet Explorer hit end of life in June 2022 and is not supported for any City device]

For Mobile devices we support the latest Safari version (iOS) and the latest Chrome version (Android)
