DO NOT DISCARD - IMPORTANT NOTICE REGARDING ELECTRICITY RATES

Dear Neighbor,

As a coastal city, Boston is especially vulnerable to the impacts of climate change—from sea level rise and flooding, to more severe storms and extreme weather events. To protect our communities, we need to take bold steps to reduce carbon emissions and create a more resilient, sustainable Boston. Joining the [Boston Community Choice Electricity \(BCCE\)](#) program is an opportunity to do just that.

Boston Community Choice Electricity localizes energy decision-making to prioritize communities most impacted by climate change, and provides renewable electricity at affordable rates designed to generate long-term savings. Our goal is to give residents and small businesses the agency to choose how we power our communities, and the ability to do so with renewable electricity that's accessible to all—regardless of income level.

BCCE offers three products: Standard, Optional Basic, and Optional Green 100. Customers can select the plan that's right for them and opt-up or down at any time with no penalties. Both the Standard and Optional Green 100 products offer greater renewable energy content than Eversource. While the program cannot guarantee savings in any given month, all three BCCE products are currently less expensive than Eversource Basic Service for residents (\$0.25649/kWh) and small businesses (\$0.26049/kWh), meaning that a typical resident enrolled in BCCE's Standard plan, and who uses 600 kWh/month, could save over \$86 a month on their electricity bill at least through June 2023.

If you're in a financial position to do so, consider enrolling in BCCE's Optional Green 100 product which provides 100% renewable energy from sources like wind and solar. By opting-up to Optional Green 100, the average user of 600 kWh/month could be saving over \$69 a month on their electricity bill at least through June 2023 in comparison to Eversource Basic Service. You'll be doing so while playing a critical role in reducing pollution, protecting our environment, and helping Boston become a carbon-neutral, Green New Deal city.

For customers who would benefit from additional support, Eversource offers a variety of assistance and payment plans. You may be eligible for a 36% discount on your bill if you receive SNAP, WIC, MassHealth, Health Safety Net, SSI, Public or Subsidized Housing, Veteran's Services, or LIHEAP. Participating in BCCE will not interfere with any credits, payment plans or discount programs you may have with Eversource, who will continue to manage your electricity account. For more information, visit boston.gov/energy.

The enclosed Consumer Notification Form includes important information to help you decide whether to opt-out or be automatically enrolled in the program. To learn more, sign up for a one-on-one 15 minute meeting at calendly.com/bcce. You may also call **617-635-3850** or email environment@boston.gov with questions or visit us online at boston.gov/bcce.

Boston is already one of the most energy-efficient cities in the United States, but we can, and must, do more. Boston Community Choice Electricity is an effective, affordable strategy that will help us reach our economic and environmental goals. Together we have the power to build a more efficient, equitable Boston for future generations. Now is the time to do it. Thank you for your partnership!

THE CITY OF BOSTON’S COMMUNITY CHOICE ELECTRICITY PROGRAM CONSUMER NOTIFICATION

December 16, 2022

Dear Boston Basic Service Consumer:

The City of Boston is pleased to announce that **Constellation NewEnergy, Inc.** (“Constellation”) has been selected as the supplier for its Community Choice Electricity Program (“Program”). This Program is a municipal aggregation which enables local government to combine the purchasing power of its residents and businesses to provide them with an alternative to Eversource Basic Service (M.G.L. c. 164, § 134). This Program only affects the supply portion of your monthly bill. It will not affect the delivery portion of your monthly bill. Eversource will continue to deliver your electricity but Boston has chosen the supplier for the Program. Constellation will provide electric power supply for all consumers currently on Basic Service in Boston. This letter is intended to tell you about this Program for electric power supply. In accordance with state law, it also informs you of your rights and options if you choose not to participate in the Program.

- ✓ **YOU WILL BE AUTOMATICALLY ENROLLED IN THIS PROGRAM UNLESS YOU CHOOSE NOT TO PARTICIPATE AND OPT-OUT.**
- ✓ **YOU MUST RESPOND BY JANUARY 19, 2023 IF YOU DO NOT WISH TO BE AUTOMATICALLY ENROLLED.**

YOU WILL NOT NOTICE ANY CHANGE IN YOUR ELECTRICITY SERVICE. The only difference you will see is that Constellation will be printed under the “Supplier Services” section of your monthly bill. You will continue to receive one bill from Eversource. You will continue to send your payments to Eversource for processing. Eversource will continue to respond to emergencies, read meters and maintain the distribution and transmission lines. Reliability and quality of service will remain the same. Furthermore, you will continue to have all existing consumer rights and protections.

IMPORTANT INFORMATION

- At present, the aggregation rate is lower than Eversource’s Basic Service rate. The aggregation rate is fixed for 10 months (February 2023 to December 2023) while Eversource’s Basic Service rate changes twice a year, in January and July. As a result, the aggregation rate may not always be lower than Eversource’s Basic Service rate. The goal of the aggregation is to deliver savings over the life of the Program against Eversource’s Basic Service rate. However, **SUCH SAVINGS AND FUTURE SAVINGS CANNOT BE GUARANTEED.**
- There is **NO CHARGE TO OPT-OUT** of the Program and return to Eversource Basic Service.

IF YOU HAVE BEEN MAILED THIS NOTIFICATION you do not need to take any action to participate in the Program.

ALL BASIC SERVICE CONSUMERS who have been mailed this notification will be AUTOMATICALLY enrolled in the Program and start benefiting from the aggregation rate beginning on the day of the month in February 2023 that your meter is read. SOLAR PANEL AND COMMUNITY SOLAR CONSUMERS will continue to receive net metering or on-bill credits while receiving electricity supply under the Program and the value of these credits will not be altered by participating in the Program.

ANY APPLICABLE TAXES WILL BE BILLED as part of the Program’s power supply charge. You will be responsible for identifying and requesting an exemption from the collection of taxes by providing appropriate documentation.

IF YOU HAVE ALREADY CHOSEN A GREEN POWER SUPPLY OPTION THROUGH EVERSOURCE your participation in this Program will not affect your participation in that Green Power Supply.
