OPAT FINDINGS AND RECOMMENDED DISPOSITION:

Based on all of the evidence presented and reviewed, the CRB voted unanimously (6-0) that the complaint be considered **Sustained**. The video footage begins after the Complainant has exited his vehicle. Investigator Vergara also made several attempts to interview Officer Vertyl, Louisimond ID #14033 who ran the Complainant's name or the vehicle's plate number on the day of the incident, but no reply was provided by the officer. Further, due to members of the Gang Unit not participating in the Body Worn Camera program or being able to find any documentation of this stop, we were unable to identify the rest of the officers in this video to conduct an independent investigation as to why the Complainant was stopped and to inquire about the other matters raised during our interview with the Complainant. Investigator Vergara recommended to the CRB that the complaint be considered Insufficient evidence to Make a Finding on the following Rule violations: Rule 102 § 3, Rule 113 Cannon One, Rule 113 Cannon Four, Rule 306A § 2, and Rule 103 § 1. Investigator Vergara recommended that the complaint be considered Insufficient Evidence to Make a Finding because OPAT was not able to determine if the BPD officers violated any of their policies and procedures during this stop.

However, the Civilian Review Board decided to amend the alleged violation of rules as follows: Rule 102 § 4, Rule 102 § 9, Rule 102 § 20, Rule 103 § 1, and Rule 113 Cannon 2. The Board found these rule violations to be Sustained due to the absence of a CAD sheet

and FIOE documentation, an independent video from an unbiased bystander, and the failure of the officer to respond to numerous interview requests.

Rule 102 § 4 (Neglect of Duty): **Sustained**
Rule 102 § 9 (Respectful Treatment): **Sustained**
Rule 102 § 20 (Self-Identification): **Sustained**
Rule 103 § 1 (General Considerations): **Sustained**
Rule 113 Cannon 2: **Sustained**

Rule 102 § 4 NEGLECT OF DUTY: This includes any conduct or omission which is not in accordance with established and ordinary duties or procedures as to such employees or which constitutes use of unreasonable judgment in the exercising of any discretion granted to an employee.

Rule 102 § 9 RESPECTFUL TREATMENT: Employees shall, on all occasions, be civil and respectful, courteous and considerate toward their supervisors, their subordinates and all other members of the Department and the general public. No employee shall use epithets or terms that tend to denigrate any person(s) due to their race, color, creed, gender identity or sexual orientation except when necessary in police reports or in testimony.

Rule 102 § 20 SELF-IDENTIFICATION: General Law, Chapter 41, Section 98D, requires every officer to carry his identification card with photograph and exhibit this card upon a lawful request for purposes of identification. Any officer, acting in his official capacity, shall give his name, rank and badge number, in a civil manner to any person who may inquire unless he is engaged in an undercover police operation and his physical safety or the police operation would be jeopardized by his making such identification. Civilian employees, while engaged in their Departmental duties, shall identify themselves in a civil manner to any person who may inquire as to their identity and status within the Department.

Rule 103 § 1 GENERAL CONSIDERATIONS: A patrol officer, in carrying out the functions of the department, including but not limited to, the preservation of the public peace, the protection of life and property, the prevention of crime, the arrest and prosecution of violators of the law, the proper enforcement of all laws and ordinances and the effective delivery of police services shall constantly direct his best efforts to accomplish that end intelligently and efficiently and shall hold himself in readiness at all times to answer calls and obey the orders of his superiors. RULE 113 CANNON 2: As a law enforcement organization, the Boston Police Department and its agents shall treat all those with whom it comes into contact, or who may seek its assistance, or who may come under its care or custody, with the respect and dignity inherent in every person.

Based on the disciplinary matrix, under Mitigating Penalty for a first violation of these rule violations, the Civilian Review Board has recommended Officer Louisimond Vertyl receive a **5 Day Suspension**. Case Summary:

On March 17, 2022, the Office of Police Accountability and Transparency (OPAT) received an allegation from the “Complainant”. The Complainant alleges BPD was physically overactive and removed him from his car in a way that affected his disability. The Complainant stated that on May 17th, the Complainant was driving to work when he noticed what he thought was a BPD gang unit vehicle following him for about three blocks. The Complainant said he took two right turns onto Dudley Street in Roxbury, and then said he had to pull over because he has Ulcerative Colitis (a catheter and an external incontinence bag and/or a urine drainage bag that stays attached to his body) that required attention. The Complainant stated soon after he pulled over, the BPD gang unit vehicle pulled up behind the Complainant’s vehicle. The Complainant stated that four plain clothes BPD Officers wearing BPD-labeled vests exited the vehicle and approached his vehicle with their weapons drawn. The Complainant stated that he was asked to produce his driver’s license and proof of vehicle registration and while asked for this information the officers kept their weapons drawn on him. The Complainant stated that a BPD Officer asked him why he was so nervous, and the Complainant stated that he told them it was because they had their guns drawn on him, especially for him in today's climate as a black

man. In response to this statement, the Complainant stated that one of the officers rescinded his gun and re-holstered it but that the others kept their guns drawn. At this point the Complainant realized the license was in his pants, rather than his bag, so he told them that. Officers allegedly responded saying "Well which is it? You still seem very nervous." The Complainant stated that BPD then allegedly leaned their heads into his car via his windows and told the Complainant "You're a little too nervous for me, get out of the car." The Complainant stated that despite establishing his medical condition, BPD officers physically took him out of his car, resulting in his pants dragging on the street and some of the contents of his catheter bag spilling onto his person.

The Complainant stated that at this point, BPD told him they pulled him over because he ran a stop sign, and the Complainant felt like this was an overreaction by BPD to start the interaction with their guns drawn on him for what should have been a fairly routine traffic stop. The Complainant stated that BPD asked if they could search the car for drugs and/or weapons, and he said yes, and stated that they found nothing when they searched the car. He stated he was standing on the side of the street being asked unimportant questions by BPD while the other officers ripped apart his vehicle. The Complainant stated that he was not arrested or given a ticket after the stop was over. The Complainant also stated that during the interaction with BPD, he asked them for their name and badge numbers but the BPD officers allegedly said no and denied his request.
