PROJECT OVERVIEW

A photograph of a residential street scene. In the foreground, a paved asphalt path curves from the bottom left towards the right. To the left of the path, there are several large, mature trees with dense green foliage. A black metal fence runs along the path, separating it from a row of houses. The houses are multi-story, with light-colored siding and dark roofs. In the background, a red octagonal stop sign is visible on a street. The sky is clear and blue. The text 'PROJECT OVERVIEW' is overlaid in white, bold, sans-serif font on the left side of the image.

LISTENING & DISCUSSION

Help us build great parks.
Let us know what matters to you.

General Discussion

- **Lawn** – Tricycle track – yes or no?
- **Gathering** – Communal tables or smaller tables?
- **Water Play** – Which kinds of play elements are important to you? Ground spray, small elements, water collection, and water table?
- **Play Structure** – Is one big play structure better than multiple? Do you prefer climbing based or platform based structures?
- **Swings** – Do you like different swinging experiences or similar to what you have now?

THANK YOU!
