

City of Boston Community Benefits Report
 Tufts University - Calendar Year 2024

Process Summary

The Office of Government and Community Relations at Tufts University collected data on programs, volunteer efforts, donations, and services that faculty, staff, and students provided to the City of Boston and/or its residents during calendar year 2024. This includes financial aid grants for students from Boston that are solely based on need and do not need to be repaid. The data on the following pages is separated by schools and departments. For volunteer service, the dollar value was calculated using the Independent Sector's 2024 valuation (\$33.49/hour). A separate report is submitted to the cities of Medford and Somerville.

Tufts University's benefits contribution to the City of Boston that is calculated in this report is \$18,462,944

The following are not included in the benefits contribution total, but are important to note for Calendar Year 2024.

- Tufts University paid \$31,532 in property taxes to the City of Boston in 2024.
- In FY24, Tufts University paid the City of Boston a \$450,000 PILOT.
- 3,791 Tufts University alumni live in the City of Boston.
- 623 Tufts University employees live in the City of Boston, with a combined salary of \$52,206,326 annually.

**Tufts University Totals

School of Arts and Sciences, and School of Engineering										
STEM Ambassadors	STEM Ambassadors is a professional development program with a mission to change the conversation of STEM through representation and engaging hands-on activities at local public schools. Ambassadors aim to connect with underrepresented high school students to reinforce that attending college and pursuing STEM fields can be attainable by anyone who is determined, no matter their ethnicity or economic background. The majority of STEM Ambassadors identify as first-generation, traditionally underrepresented students. This figure represents 103 hours of Ambassadors working with high school students, as well as cost of materials and travel for the program.	\$4,565	In-Kind	Ongoing since 2013	9th-11th grade students at Josiah Quincy	Center for STEM Diversity, Tufts University	Chinatown	Education	Boston Public Schools, Josiah Quincy Upper School	
Department of Education Field Placement - Art Education	Students teach art courses during the week and serve in assistantship roles during weekend classes at Boston public schools. Over time, MAT students increasingly take on the responsibility of teaching at least two classes in their discipline. They also assistant teach in other classrooms, participate in parent-teacher nights, and volunteer to help with sports teams and art programs. This figure represents 900 hours from 5 students in their field placements.	\$30,141	In-Kind	Ongoing	Boston Public Schools students	Department of Education, Tufts University	City-wide	Education	Boston Public Schools	
Department of Education Field Placement - School Psychology	School Psychology students work alongside the resident school psychologists at their placement schools. They meet with students, and run social skills groups, administer tests, or assist in other ways. 16 students in Spring 2024 and 18 students in Fall 2024 (mix of pre-practicum, practicum and internship years) from the School Psychology program had their field placement in Boston schools. This figure represents 14,800 total hours from 34 students.	\$495,652	In-Kind	Ongoing	Boston Public Schools students	Department of Education, Tufts University	City-wide	Education	Boston Public Schools	
Occupational Therapy Service Learning and Fieldwork	Occupational Therapy students work to help partner organizations address various issues including the social isolation of seniors, wellness of survivors of domestic violence living in shelters, community integration of adults with intellectual disabilities, and provision of medical, psychiatric, early intervention, and educational services. This figure represents 320 hours of students in their placements with partner organizations.	\$10,717	In-Kind	Ongoing since 2000	Partner agencies and Boston residents	Department of Occupational Therapy, Tufts University	City-wide	Good-Neighbor Activity	N/A	

INSTITUTION NAME:	Tufts University				CALENDAR YEAR:	2024			
Center for Engineering Education and Outreach, Outreach Learning Fellows (OLF)	CEEEO supported three undergraduate students to facilitate engineering activities at Boston Public Schools. This figure represents 301 hours contributed by students and program staff, as well as cost of materials to support the program.	\$10,230	In-Kind	Ongoing	Boston Public School students	Center for Engineering Education and Outreach, Tufts University	East Boston	Education	Boston Public Schools
Center for Engineering Education and Outreach, Summer Program Curriculum in Boston Public Schools	The Center for Engineering Education and Outreach (CEEEO) at Tufts University facilitated hands-on engineering that was included in Boston Public Schools summer programs, addressing the need for the inclusion of STEM into their curricula. This figure represents 287 hours from students and staff, as well as cost of materials to support the program.	\$10,012	In-Kind	Ongoing	Boston Public Schools students in East Boston	Center for Engineering Education and Outreach, Tufts University	East Boston	Education	Boston Public Schools
Tufts Community Health Internship Program	This experiential learning opportunity provides undergraduate second semester juniors and seniors a "hands-on", structured work experience in the diverse field of community health. Settings include local hospitals, clinics, public health or government agencies, schools, and community-based organizations. Students work at their sites on a variety of projects spread over 5,550 hours throughout the semester while receiving regular, weekly supervision from their direct onsite supervisors.	\$185,870	In-Kind	Ongoing since 1996	Boston residents	Department of Public Health and Community Medicine, Tufts University	City-wide	Community Health	Boston hospitals, clinics, schools, government agencies
Civic Biology Fellowship	The Civic Biology fellowship program applies apply dialogue, civic engagement, and cultural humility frameworks and skills into practice. This figure represents 850 student service hours, student stipends, staff salaries, and miscellaneous expenses.	\$106,604	Both	Ongoing since Fall 2023	Boston residents, Chinatown residents, neurodivergent adults and caretakers	Tufts Department of Biology	City-wide and Greater Boston	Good-Neighbor Activity	Asian Women for Health, Tufts CTSI, Boston COVID Recovery Cohort (BCRC); Boston Area Rape Crisis Center (BARCC); Personal Genetics Education (PGED); East Boston Senior Center; Urbanity Dance; Museum of Science (MoS)
Urban and Environmental Planning Field Projects	20 graduate students worked with 1) Boston's Housing Innovation Lab to evaluate the City of Boston's Compact Living Pilot Guidelines, 2) Dorchester Bay Economic Development Corporation to fortify the economic vitality of Uphams Corner, 3) the Metropolitan Area Planning Council to assess how 3A zoning can be implemented to support the development of sustainable, connected neighborhoods, and 4) the Massachusetts Bay Transit Authority to assess current MBTA responses to extreme heat and recommend strategies that will enhance resilience to extreme heat, with a primary focus on worker safety. This figure represents approximately 2,000 hours contributed by students.	\$66,980	In-Kind	Ongoing	Boston residents	Urban and Environmental Planning Department, Tufts University	South Boston, Seaport, and Dorchester	Social Environment	Boston Housing Innovation Lab, City of Boston, Dorchester Bay Economic Development Corporation, Metropolitan Area Planning Council, MBTA
