Air Pollution Control Commission
City of Boston
26 Court Street, Floor 4
Boston, MA 02108

WHERE TO SEND

Email your application to apcc@boston.gov.

You may also submit your application in person or mail to 26 Court Street, Floor 4, Boston, MA 02108.

REMOVING PAINT?

If the work involves the removal of paint, you'll need to include a certified lab report indicating lead (Pb) levels. You can get a copy of the state Environmental Lead Laboratory's recommended paint sampling method from our office.

APPLICATION FOR ABRASIVE BLASTING /CHEMICAL CLEANING PERMIT

JOB SPECIFIC INFORMATION: (Answer all questions below. Attach a separate sheet of paper if needed)

PROPOSED METHOD OF BLASTING/CLEANING

(i.e. dry blast, wet blast, closed circuit, brush-on/rinse-off, etc. **Be Specific**)

PROPOSED ABRASIVE/CLEANING MATERIAL (ATTACH MSDS AND SPECIFICATIONS)

Note: If removing paint, attach lead-testing report from a certified laboratory. Removal of lead paint must be completed by a licensed professional.

PURPOSE OF BLASTING/CLEANING: (i.e. structural, restoration, paint removal, etc. **Be Specific**)

EXPLAIN WHY ALTERNATIVES ARE NOT FEASIBLE: (i.e. high-pressure water, mild detergent scrubbing, etc.)

PROVIDE A DETAILED DESCRIPTION OF SITE PREPARATION:

(i.e. site encapsulation plans to prevent escape of dust and grit, and if chemical cleaning, effluent treatment guidelines*)

* Work involving discharges to stormwater/sewer system must receive prior approval from the Boston Water and Sewer Commission (617-989-7000, bwsc.org) and the Massachusetts Water Resource Authority (617-788-1170, mwra.state.ma.us)

IMPORTANT APPLICATION INFO

WHEN TO SUBMIT

You must submit your application at least seven (7) days before you start your work. Failing to get a permit before you start working may result in a work shutdown and fines. We won't process an incomplete application.

STORMWATER/SEWER SYSTEM

If your work involves discharging into stormwater/sewer systems, you must get approval from the Boston Water and Sewer Commission (617-989-7000, bwsc.org) and the Massachusetts Water Resource Authority (617-788-1170, mwra.com).

HISTORIC DISTRICT WORK

If you are working in a historic district or on a designated landmark, you should consult with the appropriate historic or architectural commission (617-635-3850) before starting any work. Visit boston.gov/landmarks for more information on historic districts.
