

MassDOT and MBTA cordially invite you and your stakeholders to attend a discussion with MBTA General Manager Brian Shortsleeve and the Office of Civil Rights and Diversity about creating equity for all with our service delivery and service and fare change policies. Your input is critical the success of this initiative. We will be following up with calls to your office seeking your participation. Details of the meeting are below and attached is a flyer you may use with your stakeholders to help spread the word. I look forward to seeing you on December 14th.

MBTA Seeks Public Input on Proposed Transit Equity and Planning Policies

BOSTON — The MBTA is revising two critical policies that help to determine if a service or fare change is considered fair and equitable, and how service delivery is defined and monitored. The MBTA is currently seeking input on these equity analysis and service delivery policies, and will host a public meeting on Wednesday, December 14, 2016 at the Mattapan Public Library. The meeting is anticipated to draw attendees from across the community, which relies on the MBTA for transit service. Your participation is critical to a successful and equitable outcome.

WHAT: This meeting seeking community input on its Disparate Impact and Disproportionate Burden Policy and Service Delivery Policy. This is the fourth public meeting held by the MBTA on these policies. Previous meetings were held in Roxbury, Dorchester and Lynn.
