Commissioner Mammoli called the meeting to order.

The minutes from the meeting of December 12, 2018 were presented to and approved by Commissioners Mammoli and Irish.
NOTE: Angela Atchue addressed the Commission and noted for the record a request for public comment on vote number one (1), and noted the distinction that this day's Public Facilities Commission Meeting with DND is not a public hearing. She then stated, "There is a request to the Commissioners with a desire from concerned community members and representatives to be able to comment on vote number one (1)." She then asked the Commissioners, "Is there a motion to allow for public comment on vote number one (1) in an orderly fashion?"

NOTE: On a motion duly made and seconded, the request to allow public testimony was unanimously approved by Commissioners Mammoli and Irish.

NOTE: Angela Atchue read into the record the orderly stance, in accordance with the motion, taken by the PFC to facilitate an orderly process and professional discourse by those members of the public who choose to provide testimony.

NOTE: Angela Atchue stated, "In accordance with the motion, the PFC will take the following orderly stance. I will read vote number one (1) out loud. Thereafter, DND will present the vote request to the PFC without interruption. Next, in the order of request made to the PFC Secretary, people are invited to appear, individually. They will come to the forward table where there is a microphone, which can only record one person speaking at a time. As a result, there will only be one person at the table at a time. Each presenter will be allowed a maximum of three minutes. The PFC Secretary will be keeping time, and she will show a notice when the time has elapsed. You will then hear me call time and we will advance to the next presenter. Of importance, no person is to interrupt the testimony of another. In addition, no person is to interrupt the PFC members when they are speaking. All questions are reserved to the right of the PFC members to ask. No other person is to question another, or request to rebut one another's testimony. Again, I remind all, this is not a public debate, but instead a discretionary option allowed by the PFC for an orderly process on public testimony for vote number one (1)."

NOTE: Colleen Daley, PFC Secretary noted, the following persons who were present at the meeting and requested to speak to the PFC members. "Councilor McCarthy and David Vittorini from Councilor Wu's office."

NOTE: Angela Atchue noted for the record, "Timothy McCarthy, Boston City Councilor, District 5, seeks to speak, and thereafter, David Vittorini, Chief of Staff for City Councilor Wu is also seeking to speak." She then noted the process to be taken by any others who seek to speak. She stated, "At the conclusion of public testimony on vote number one (1), I will ask everyone to return to their seats, and I will request a motion from the PFC members on vote number one (1). Again, any questions are solely reserved for the Public Facilities Commission members and no one is to interrupt the PFC members. This meeting is being videotaped. As a result, the microphones are all activated. Again, one person can be understood speaking into the microphone at a time. In the room are security personnel, who are helping to assist in allowing for professional decorum and a safe meeting space. Should a situation arise, where we need to call a recess and bring the meeting to order, I will note the same for the record. Therefore, we are going to begin with the agenda for today."
VOTE 1: Neriliz Llenas, Project Manager, Real Estate Management and Sales Division

Unnumbered parcel on Manila Avenue, Ward: 18, Parcel: 12634000, Square Feet: 4,750

in the Hyde Park District of the City of Boston containing approximately 35,190 total square feet of land, for two consecutive weeks (April 2, 2018 and April 9, 2018) in accordance with the provisions of St. 1909, c.486, § 31B (as appearing in St. 1966, c.642, § 12), the Public Facilities Commission, pursuant to its vote of March 14, 2018 and subsequent approval by the Mayor, does hereby vote to sell the aforementioned properties to We Grow Microgreens, LLC; and

FURTHER VOTED: the Director be, and hereby is, authorized to deliver an instrument conveying said properties to We Grow Microgreens, LLC, in consideration of Seven Hundred Dollars ($700).
NOTE: William Epperson addressed the Commission and provided an overview of the project.

NOTE: Angela Atchue thanked William Epperson and commenced the orderly process for public comment to appear. She then invited Boston City Councilor, Timothy McCarthy, to come forth to address the Commission.

NOTE: Angela Atchue stated, “Questions are reserved to Public Facilities Commission members and the allowance of time for public comment is three minutes of uninterrupted testimony without rebuttal.” She then instructed, “Testimony will begin upon a signal by the PFC Secretary. The PFC Secretary will alert presenters of the expiration of time, and to conclude their comments.”

NOTE: Colleen Daley indicated to Timothy McCarthy to begin his testimony.

NOTE: Timothy McCarthy addressed the commission and stated, “My name is Tim McCarthy, District 5 City Councilor. I represent Hyde Park, Mattapan as well as Roslindale. More importantly, on this issue, I’m a direct abutter. I’ve lived here for nearly 49 years. When William Epperson showed the site map, during his presentation, you could see the house that I own, the house that I grew up in, and also the house that my wife grew up in. Needless to say, I know this area as well as anybody. I used to skate there as a kid. I want to thank Chief Dillon, Donald Wright, Neriliz Llenas and the entire DND staff who guided this project through to this point, and, hopefully through fruition. As I said, I live about 100 yards away from this site. There has been a lot of dissemination of misinformation regarding this project and that has been incredibly unfortunate. I believe that the Inspectional Services Department (ISD) tickets that were written were reactions to 311\(^1\). As you know, 311 complaints are reacted to. I would argue that the tickets that were issued were nonsense. After several community meetings, my neighborhood is eager to welcome our new neighbors. This urban farm has changed a blighted, forgotten property into a growing living and integral part of our community. As DND knows all too well, small businesses are so important to the City of Boston. Eighty-six cents ($0.86) of every dollar ($1.00) we spend with local business stays in the City of Boston, and that statistic is so important in matters such as this. I’ve worked with the proponents of Microgreens, their other farm is in Roslindale, and they are tremendous people. The lot has looked like that for 49 years, and it’s immaculate now. I and all of my neighbors are eager to walk to this site this summer to visit Microgreens. It is going to be an integral part of our community. Again, I can’t speak more in favor of such a wonderful project and two wonderful people who care about the City of Boston. This is a wonderful project and I urge you to pass this. Thank you.”

NOTE: The Commission thanked Councilor McCarthy for his testimony.

NOTE: Angela Atchue invited David Vittorini, Chief of Staff for City Councilor Wu, to come forth to address the Commission.

NOTE: Colleen Daley indicated to David Vittorini to begin his testimony.

---

\(^1\) The number 311 is a system for reporting non-emergency issues and accessing City of Boston services.
NOTE: David Vittorini addressed the Commission and stated, “Good morning Commissioners, my name is Dave Vittorini, I’m here on behalf of City Councilor at-large, Michelle Wu. She asked me to come and convey her full support for this project. As Councilor McCarthy said, the community meetings that were held amassed a lot of support. As a Hyde Park resident, on my private side, I am also in favor as well.”

NOTE: The Commission thanked David Vittorini for his testimony.

NOTE: Angela Atchue asked, “Is there anyone else in the room who may not have appeared yet to have requested public comment?” One person raised his hand. She then invited him to come forth and state his name for the record and to address the Commission.

NOTE: Bryan Flynn stated his name for the record.

NOTE: Angela Atchue stated, “Thank you, Mr. Flynn. My understanding is that you are a liaison to Hyde Park, you come from the City of Boston’s Office of Neighborhood Services (ONS) and you would also like to be able to make public comment.”

NOTE: Bryan Flynn expressed agreement.

NOTE: Colleen Daley indicated to Bryan Flynn to begin his testimony.

NOTE: Bryan Flynn addressed the commission and stated, “Good morning, and thank you very much for allowing me the time to speak. To echo the sentiments of both Councilor Tim McCarthy’s Office and Councilor Wu’s Office, ONS is in full support of this proposal. I am a proud life-long resident of Hyde Park. I refer to it as God’s country, although, many people argue with me about that. I love the neighborhood. To echo what Councilor McCarthy said, it has looked in disarray for several years. In that time it had become an illegal dumping ground. With that said, since Lisa Evans and Tim Smith have come aboard and acquired this parcel, it has been a complete renovation for the better for the entire community. I can’t say enough about working with Tim and Lisa. They have been very nice throughout the whole process, pleasant and responsive. The only issue that was ever brought to ONS’ table was the debris and trash. I can testify first-hand, I live in the Readville section of Hyde Park, I have driven by the site myself and it is really no cause for concern. I, also, participated in a clean-up along with Councilor McCarthy’s Office. Steve Maguire, Councilor McCarthy’s aide, and I pulled a basketball hoop out of that parcel, along with thousands of bottles. That culvert is actually clean and it will greatly assist with the flooding damage that has occurred over the years. ONS is in full support of the project. Thank you very much for your time today.”

NOTE: The Commission thanked Bryan Flynn for his testimony.

NOTE: Angela Atchue asked, “Is there anyone else who seeks to provide public comment for the record?”

NOTE: No one else expressed the desire to address the Commission.
NOTE: Angela Atchue acknowledged that no additional person sought to provide testimony. She then stated for the record, “Matthew Arseneault, a Hyde Park resident and abutter to this property site, submitted written correspondence to the Public Facilities Commission, which is part of the public record. He has submitted the same to myself, to the PFC Secretary, and to the Articled Clerk for the Public Facilities Commission. Mr. Arseneault has also submitted emails. Those emails are part of the public record. Mr. Arseneault made a request to speak today. The PFC Secretary followed up with him and noted his request has been submitted to the PFC members. As we are all aware, this morning the PFC members made a motion on the record and allowed public comment. Seeing that there is no one else in the room seeking to provide public comment to the PFC members, I will conclude this portion of the public comment.” She then, read out vote number one (1) and requested the Commissioners to make a motion on the same.

NOTE: On a motion duly made and seconded, the vote was unanimously approved by Commissioners Mammoli and Irish.

Exhibits: December 20, 2018, project background memorandum with enclosure and PowerPoint presentation. Correspondence submitted by and in response to Matthew Arseneault in regard to vote 1.
